

An Enterprise Valuing People & Environment

Fine Pinus

Based on its corporate philosophy 'Considering Humans & Environments Importantly,' Fine Pinus has endeavored to provide the best-quality and highest-value products and services over the past 15 years. Fine Pinus will continue its efforts also in the future so that it can become an enterprise practicing such a promise and offering the best eco-friendly products.

Non-Slip Safety Shoes

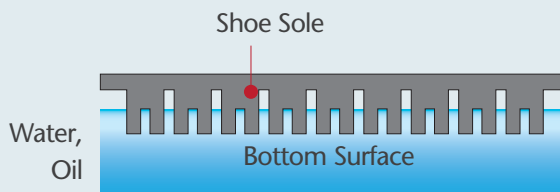

General Shoes Outsole

Performance

Made of special rubber material strong against water and oil, the non-slip shoe sole of Fine Pinus is manufactured in special pattern designs preventing water film phenomenon and prevents slip accidents.

FINE PINUS Outsole

Application

Fine Pinus is securing diverse kinds of products tailored to respectively different working environments and work characteristics of workers. (EVA Boots, PVC Boots, Women's Work Shoes, Slippers, etc.)

Tape Cleaner

Natural

Non-hazardous to human body due to natural pulp material and water-soluble adhesive.

Performance

- Strong against heat and non-sticky.
- Adhesiveness lasts for a long time also in normal temperature and gives no damage to the products.

Convenience

- Usable several times with one sheet and the embossed surfaces clean all areas including corner parts entirely.
- Easy to use owing to its ergonomic handles and storage cases of excellent designs
