# Beautiful & Unique Nail Art With Variety of Eco-Colors

## Nail Specialist Lalalee's

Lalalee's is leading in the creation of nail trends through a variety of nail products based on nail fashion. The company always puts customers first, employing unique and creative ideas. It has developed diverse colors with its own processes since it launched its unique color line in 2008. Lalalee's introduced crack colors for the first time in 2011 and launched the first four-tone changeable secret colors in Korea. With advances like these, it will continue to be a leading company in the fashion nail field.

*Lalalee's creates colors  
that harmonize and  
accentuate customers'  
beauty and happiness.*

### 3 Plus + Technology

Lalalee's product development process focuses on supplying the best-quality products possible, always keeping the customer in mind. Illustratively, Lalalee's-developed colors do not contain any harmful ingredients like DBP, toluene, etc. The color development process is completed with thorough safety testing, guaranteeing both product quality and safety.

## Ceramic Oil Pen

A new product in 2014, Lalalee's has introduced a ceramic oil pen. It is an essential product when beautifying cuticles. Oil is dispensed from the blade area, removing cuticles easily and providing nutrition to the cuticles at the same time.

## Iron Therapy

Lalalee's has exhibited its iron therapy at expositions in Japan and China as another new product in 2014. The company has filed applications for patent, design and trademark in the United States, Japan and China. Designed to correct incurved and distorted toenails, it is an invention-patented product that treats toenails actively.

## Print Art Sticker

Lalalee's print art sticker, which is thin but features strong adhesiveness, was introduced as a new product this year. With clear artistic designs, this product matches well with any color.

## Black & White Sticker

Lalalee's offers diversely-designed stickers featuring a total of 28 kinds of products in just two colors - black and white. Revealing a modern and fresh image, the stickers achieve real harmony with any color of nail polish.

## Real Tattoo Sticker

Unlike the tattoo stickers of other companies that require water for application, Lalalee's real tattoo sticker does not need water but utilizes normal body temperature, making it easy to apply anytime, anyplace.
